Based in Blackheath, Cape Town, SA Five Engineering has operated as a leading engineering contractor for over thirty years. We provide quality services to major global companies in the mechanical engineering and construction industries for multi-disciplinary projects throughout Southern Africa.

Apart from our wide range of engineering services offered, we are industry leaders in the field of HDPE, PVC, PP and PVDF pipeline fabrication and installations.

As an ISO:9001 accredited engineering contractor, we provide complete solutions and standards of the highest quality for a full range of HDPE and PVC services, which include:

Full HDPE turnkey solutions

HDPE and PVC welding

HDPE pipe and fittings supply

HDPE & PVC installations

Mechanical connections - pumps, valves & connectors

Hoses and related products

Pipeline planning and construction

Pipe and system pressure testing

THROUGH OUR GROUP COMPANY STRUCTURES AND STRONG VALUES, SA FIVE ENGINEERING IS DRIVEN TO MAKE EVERY PROJECT A SUCCESS AND CONSISTENTLY DELIVERS WORK THAT GOES ABOVE AND BEYOND CLIENT EXPECTATIONS.
